Coco's Corner Donations

There are currently no donations for Coco other than your presence.Â Coco loves company, so stop by his place while you are in Baja!Â Volume 3 offers a new single track: Coco's Legend Trail.Â This goes from his back yard out to the main road south west of his rancho.Â Once you hit that main road, his single track picks back up a couple miles down and cuts off above Chapala dry lake bed toward Bahia de Los Angeles.

Coco's Legend Trail was made specificallyÂ to help keep traffic coming Coco's way as the new Highway will turn west before his Ejido.Â If you get the pleasure of riding his trail, make sure you stop in to say hello, sign his journal, buy a cola, and take some photos of this Legendary Icon that I love so dearly.Â He's a unique and inspiring character you don't want to miss on your Baja journey!

Coco's Legend Trail..... don't miss this single track!Â
