5X7 Course Holders

The 5 X 7 Course HoldersÂ are designed to clip onto any style handlebar to hold the course description charts from the guidebooks. It does not hamper steering, nor get in the way in the least. It is an easy way to reference mileage and waypoints from the Guidebooks' course description charts while on the fly. This is highly recommended for a safe and simple way to reference your waypoints and extra instructions well needed in conjunction with the Guidebooks.
